Our colleagues at **ML Strategies** have provided their **Health Care Weekly Preview** for the week of October 2, 2017. This week's preview focuses on the wake left by Secretary Price's exit, including its impact on the administration's deregulatory agenda. The preview also discusses Congress' failure to reauthorize a number of health care programs, including the Children's Health Insurance Program (CHIP), as well as its failure to address issues related to disproportionate share hospitals (DSH), special needs plans (SNPs) and community health centers.
