

ML Strategies Weekly Health Care Preview - Week of November 6th

November 06, 2017 || By

The CHIP Reauthorization fight heads to the Senate where it faces an uncertain path forward as neither side can agree on payfors and the Senate Finance Committee focuses in on tax reform. While the Trump Administration is reportedly preparing an executive order that would eliminate the individual mandate, they are in a holding pattern to see if it gets included in the tax reform package. We cover that and more in our preview, which you can view [here](#).
