Late Monday night (February 5, 2018), the House of Representatives released a continuing resolution to keep the government funded and running until March 23, 2018. This CR includes many health care related provisions, specifically many of the health care “minibus” riders. In the chart below we summarize major health care provisions in this CR specific to the health care minibus. Note, the entire CHRONIC Care Act is included in this CR. Additionally, two key health care provisions are not included in this CR - the Maternal, Infant, and Early Childhood Home Visiting Program (MIECHV) and the Money Follows the Person (MFP) program. **Please click here to see our chart summarizing key health care provisions of the February 5 CR.**
