VIEWPOINT TOPICS

- Health Care

SERVICE AREAS

- Health Care

Congress will continue its work in addressing the opioid crisis this week with a hearing in the Senate Finance Committee. There were reports last week that Congress will also consider legislation around telemedicine, which is sure to capture stakeholders attention. The Administration is also going to take another look at drug pricing which is setting the stage for another busy work period. We cover this and more in this week's preview, which you can find **here**.
