This week, we explore the Administration's proposed rule related to AKS safe harbors and what it means for the drug pricing debate. On Capitol Hill, Democrats in both chambers are beginning to examine behaviors by various companies in an effort to drive home the need for additional oversight. It's clear that drug pricing is going to be a hot topic for this Congress. What's unclear is whether both sides can find consensus in proposals that lower drug costs. We cover this and more in this week's preview, which you can find by **clicking here**.
